

Act as if what you do makes a difference

If your dreams don't scare you they are too
small

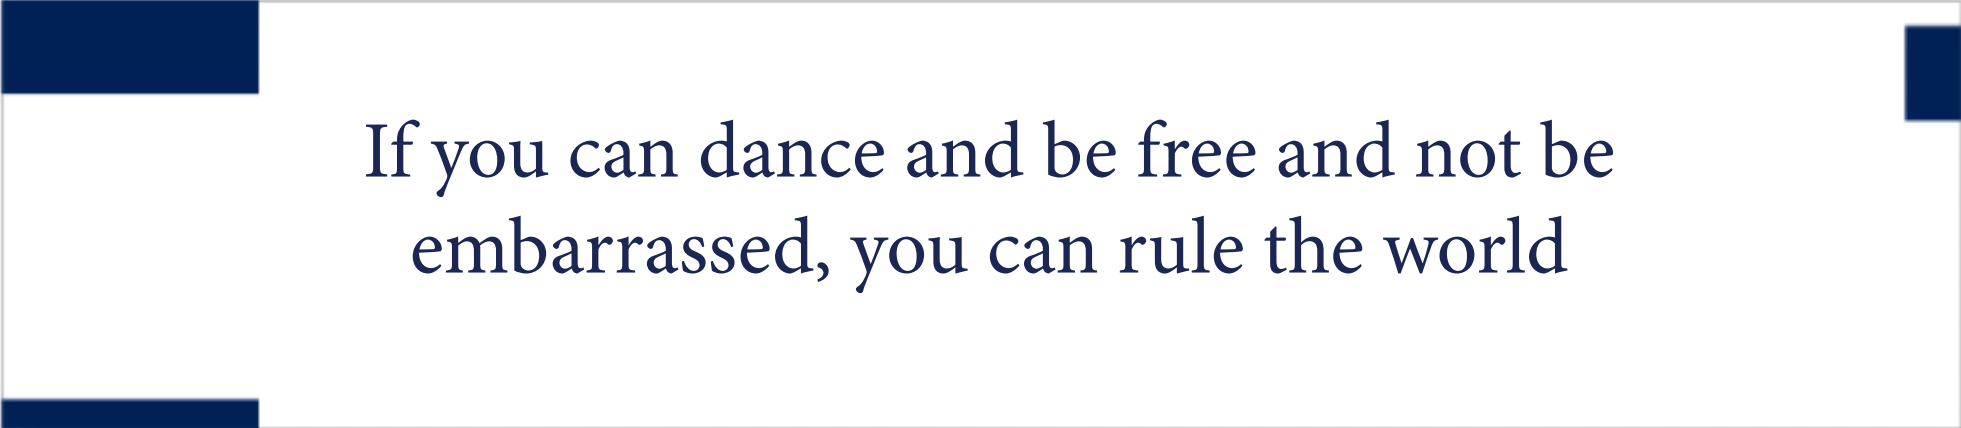

Believe you can and you're halfway there

Let your smile change the world but dont let
the world change your smile

Never give up because great things take time

If you can dance and be free and not be
embarrassed, you can rule the world

The best preparation for tomorrow is
doing your best today

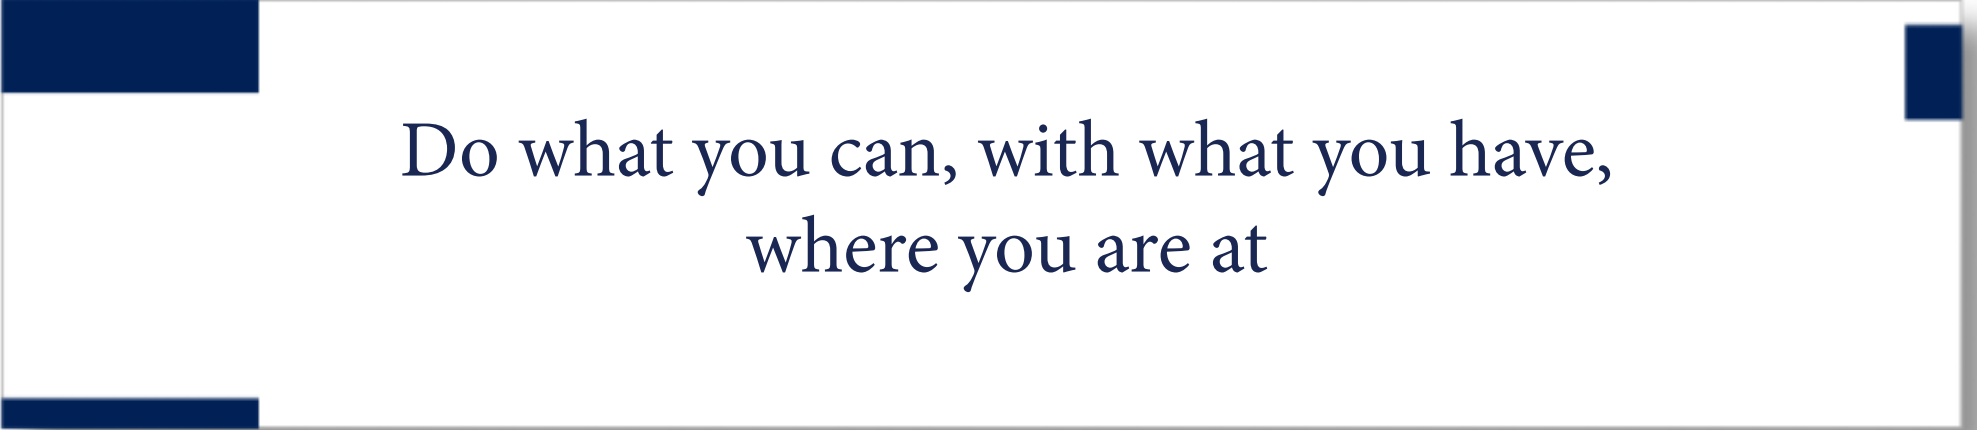

Stay positive work hard. Make it happen.

Happiness is not by chance but by choice

Success is walking from failure to failure
with no loss of enthusiasm

Do what you can, with what you have,
where you are at

Die with memories not dreams

I know for sure what we dwell on is who we
become

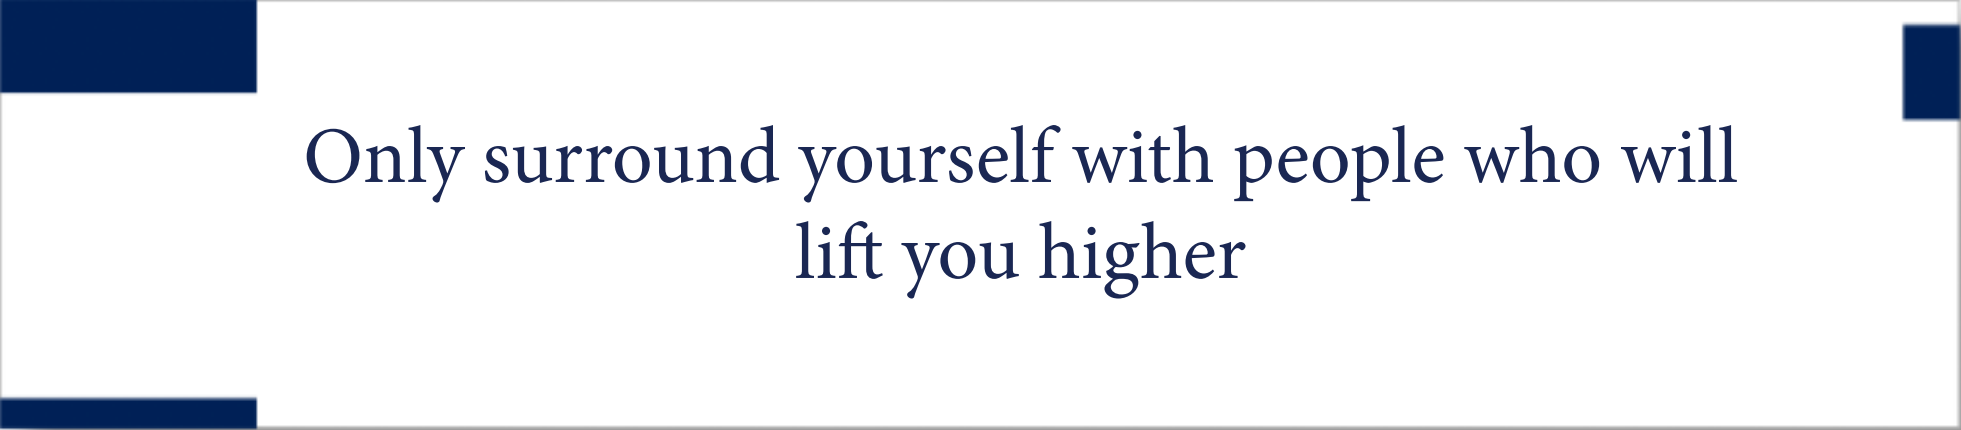

Sometimes you win sometimes you learn

You must do the things you think you cannot do

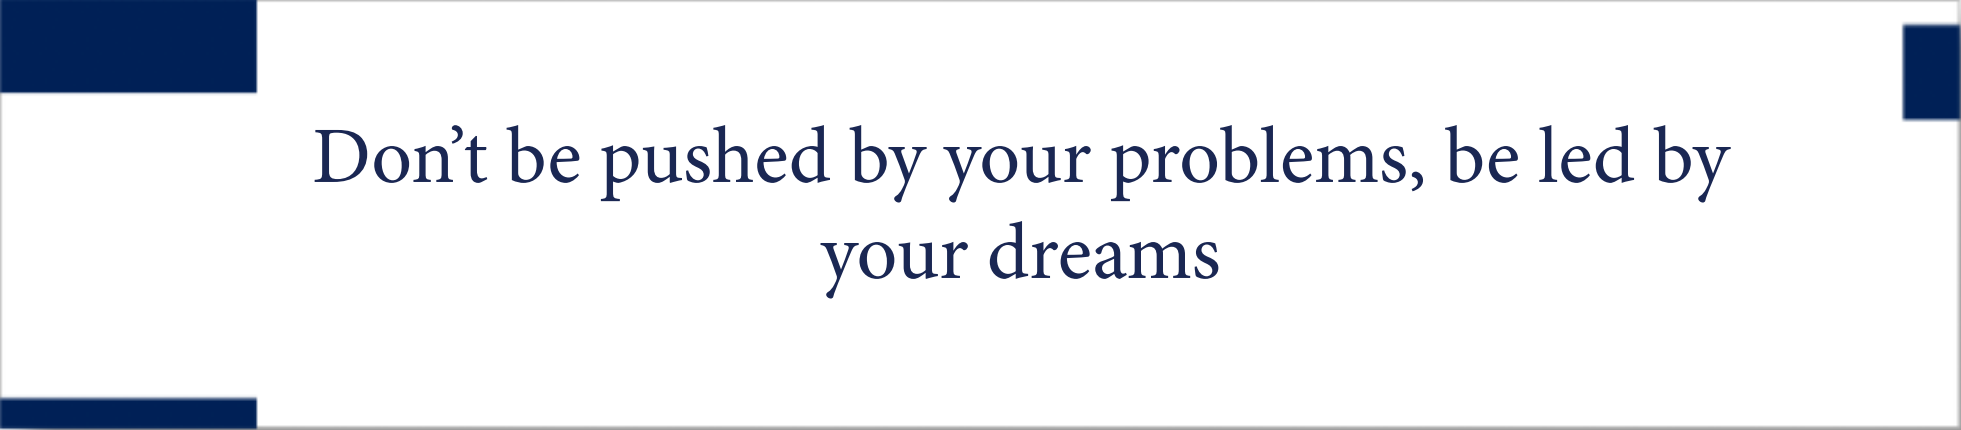

A smooth sea never made a skilled sailor

Only surround yourself with people who will
lift you higher

Trust the timing of your life

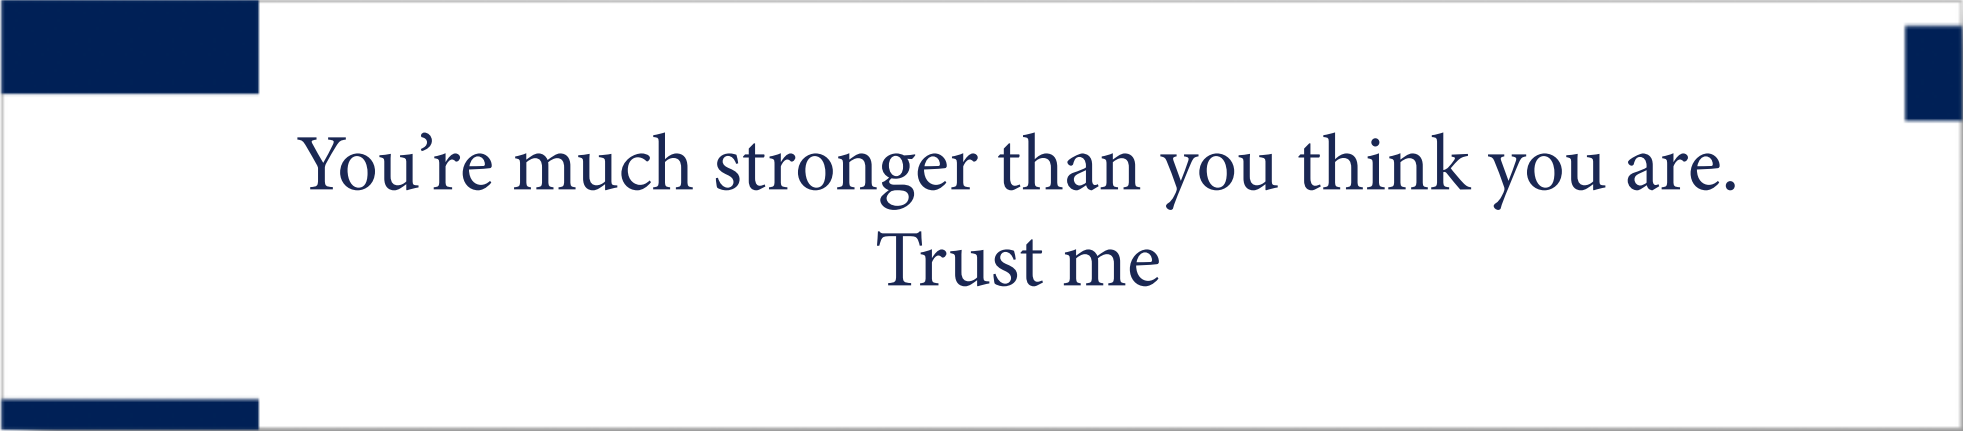

Don't be pushed by your problems, be led by
your dreams

One day or day one, you decide

Wherever you go, go with all your heart

You're much stronger than you think you are.
Trust me

Make each day your masterpiece

Life isn't about finding yourself. Life is about
creating yourself

If you have to choose between being kind and
being right, choose being kind and you'll
always be right

The sun shines on everybody. You've got to
keep believing

Work hard in silence; let success make the noise

Life is 10% what happens to us and 90% how
we react to it

Feel the fact that you are enough

We rise by lifting others

Do not give your past the power to define you

You don't have to be great to start but you have
to start to be great

To be the best you must be able to handle the
worst

Continuous improvement is better than
delayed perfection

It is not in the stars to hold our destiny but in
ourselves

Better to say “oops” than “what if”

Good things take time

No guts, no story

You are confined by the walls you build
yourself

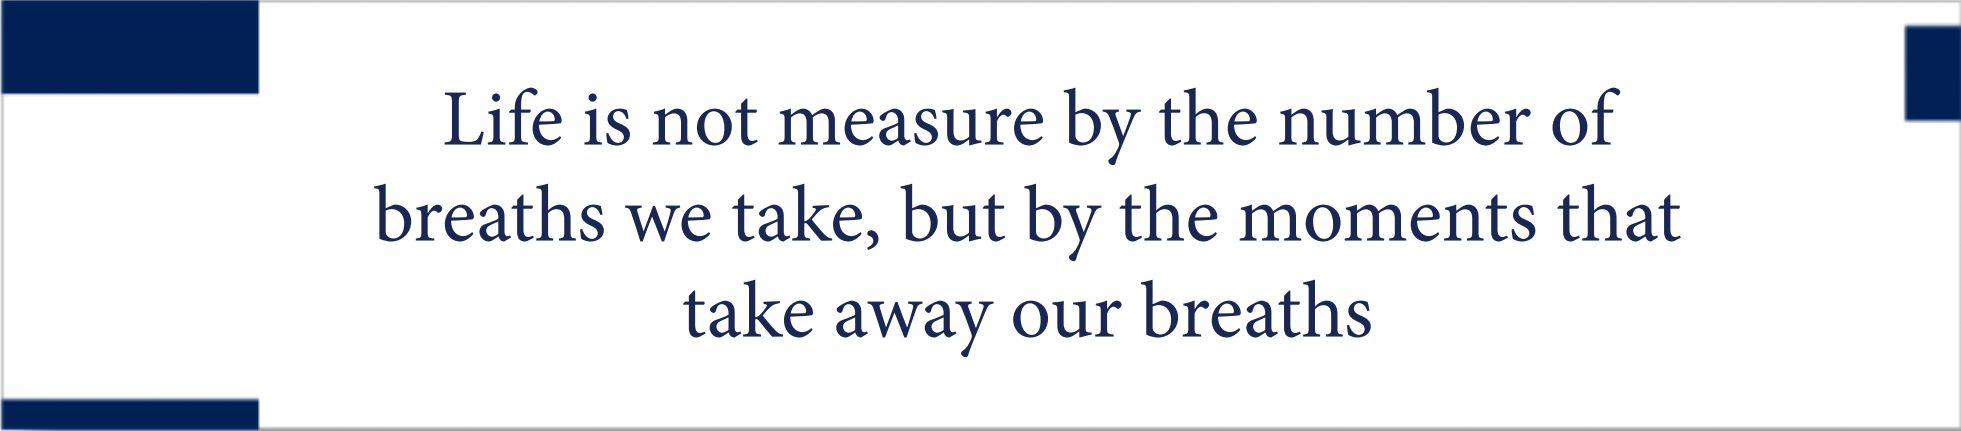

Don't wait. The time will never be right

Celebrate endings, for they precede new
beginnings

Things work out best for those who make the
best of how things work

Life is not measure by the number of
breaths we take, but by the moments that
take away our breaths

Pain is temporary, quitting lasts forever

Always keep your face towards the sunshine
and shadows will fall behind you

Life is short, do stuff that matters

You have to be odd to be number 1

Be the attitude you want to be around

Do good and good will come to you

Dream without fear and love without limits
